We try to keep our intervention in the cellar to a minimum to achieve a luscious, juicy wine. We transport de-stemmed, uncrushed bunches using a gravity flow system. Natural yeast fermentation, followed by whole berry maceration, racking, and one year's maturation in oak. A velvety wine with softer tannins and classical varietal characteristics can deposit sediment and may require decanting.

Beautifully weighted, with flavours of soft blackcurrant, steamed prunes and blackberry on the palate and a full-bodied finish.
